

Bartlett Police Department

On 05-01-10 I responded to an address on Grant St. for a found 3yr old child. We were unable to locate the parents or home of the child. I was able to calm the little boy down by giving him a police badge sticker and coloring book. Me and the little boy went back to the station and played with the coloring book and some toys. I also put a cartoon on the TV we watched. By the time the parents were located the little boy was laughing and talking to me and everyone in the station.

Officer Dave Lacriola
